

REPORT ON INTELLECTUAL PROPERTY RIGHT (IPR)

Date: 12th October 2020.

One day special talk webinar on IPR was conducted with the C-Edge College Teaching Faculty on 12th October 2020. The given topic was briefed by Mr. Meyatemsu, HoD of English. He highlighted on various aspect and concept of IPR. He stressed that Intellectual property right is a category of property that includes intangible creations of human intellect. During the session some important points were briefed and highlighted to the participants, such as: copyright, patents, trademarks, trade secrets. The concept of intellectual property developed in England in 17th and 18th centuries. The main purpose of intellectual property law is to encourage the creation of a wide variety of intellectual goods. The intangible nature of intellectual property present difficulties, when compared with traditional property like land or goods.

The chief speaker also gave few examples with the help of power point presentation, such as local product, national product of goods, which were given distinguish with the set of example to the participant in order to make them understand.

With the help of the special talk webinar, the participants were given awareness on the importance of the IPR and its implementation.
