Outdoor learning

1.There are some teachers who explains rapidly and it becomes difficult to understand
2. One should be well prepared about the concept
3. Should arrive in class on time.

1) noise from construction should be minimised
2) sufficient electricity should be provided during summer
3) make up classes should conduct in a fair way (i.e explaination) instead of assignment, class test , presentation etc
4) unfair of attendance marking should avoid if he/she is not late for college or absent , instead of giving a task in exchange of attendance

Need to set visual aids in the classroom.

To focus more on the poor facilities

1.we need friendly environment
2.conduct test once or twice in a week
3.Extra class

1.To conduct test once a week
2. Friendly teaching Environment
3.Extra classes

Implement tesks that promote reasoning and problem solved.

Setting up proper visual aids

I don't have answer for that
Present method is just up to satisfying

1. High teaching skills
2.explainig in detail
3. Bring up example

1.All teachers must teach accordingly and slow so that it will be understandable.
2.Presentation should be must for the students to be active .
3.Teachers are requested to teach slowly not in hurry.

1.Need a good playground.
2.Good facilities in library.
3.Indoor games.

Clarity of explanation

Interactive,inquiry and repetition

Everything's well enough

1.Extra support
2.Ask for feedback
3.Encourage active learning.

To use ICT tools while teaching

1. The College surrounding needs to improve more.
2. To improve toilet of not having enough water as well as the lack of facilities in the toilet.
3. Provide more benches in the outside of the College compound.

The teaching in the college is upto expectation

(1.)many competition can be conducted. (2.)improve our program an services.
(3.)communicate with college

1.use better graphic and visual. 2do not simply give lecture or reach. 3.we should emphasized on practical learning.

More outdoor activities

1- Make teaching a two way interaction
2-Encourage cooperative learning
3-Focus on one topic at a time

Classroom facilities
Teachers behaviour

1. Using graphics & media's to engage students well .
2. Reaching out every student's about their doubt.

3. Students differentiation .

1) if teacher can explain practically
2) teachers should identify weak students in order to help them
3) can be concentrate on extra curricular activities

Nil

Teachers should not be too partial

Focus more on other activities

1.poor library

To have fun Teaching/ learning

None

More co circular activities
Should provide intership
More field trip n tour

Non

More of outdoor activities and exploration
Group discussions
Class interaction

More of life skilled activities
More of exploration
Should encourage the students more

More items in learning
Giving less work in personal and to give group combination in learning

Nothing

1)To eplain in a detail way
2)To use projector
3)To be friendly

More affection, interactive teaching towards the students.

*No partiality as usual.
*More focus to the needy students in terms of study materials.
*More beautiful and helpful for students if one teacher is teaching with his/her smiling face.

To teach us more better

Over all its okay for me

1) Encourage cooperative learning.
2)create a welcoming environment
3)Use ICT tools in teaching.

1.Need to take smart classes
2. Materials should be sent to the students in advance so that we can have a basic ideas and can learn better

-Teachers should first give out the material to the students before beginning with the explanation.
- Smart class.

1.Prioritize student relationship.
2.Utilize the latest technology .
3.Consider new learning method.

Teachers are to be always helping and kind,proper facilities with great guidence.

1)Improve the wifi network.
2)better bathrooms and toilets.
3)updated books in the library.
4)Free classes for computers.

More practical oriented teaching

1.teach without partiality
2.with examples

1. Should emphasis on practical learning
2. Teacher are always helping and kind
3. Proper facilities with great guidance..

1. Make teaching a two way interaction
2. Try to reach every student and ask for their doubt.
3. Use better visual media to engage students well.

More fairness

To me, the teaching process is made very interesting and easy to understand.
My only suggestion is the lack of electricity sometimes during the summer, which distracts the students due to the heat and we're unable to the concentrate.

Encourage cooperative learning,
Communicate with colleague,
Used the flipper classroom model.

I suggest better facilities in the college

1 : We want something outside the box.
2 : inspirational and motivational things
3: Leadership mentality teaching

1.Friendly environment .
2.Treating Equally.
3. No Partiality among the students.

1:All the teacher are requested to teach in simple English not with the words which is not understand at all by the students and after that they can elaborate. Which will be understandable from every students.

2: Honours teacher should be very active. Any assignments/homework after they gave , they have to check again and correct it with what is wrong especially the homework.

3: Requesting to all the teachers that please avail your time and take presentation from every subject because we learn while we are presenting and it build our confidence, courage and fair .

4: Teachers from every department should be guide the students while he/she is taking class .. Complete silence should be captured, some students didn't lesson and it doesn't mean that we too not gonna listen we need all the students should be complete silence while explaining.

5:Taking presentation help us in every manner we build lots of confidence to face with others and we will learn from here only, so needs lot of interecting with oneanother .. Thank you.

Overall teaching quality is to a great extend. The teachers are always there to reach out in need. Institution does the best for every students.

Good,but can improve

Good relationship between teachers and students
