ACTION TAKEN REPORT 2023

The analysis of the feedback reveals unanimous parental/guardian approval, with positive ratings across every category. Feedback issues and concerns were discussed in the faculty monthly review meeting. Actions were taken accordingly towards improvement. The following are some of the issues and concerns from the Feedback and the action taken:

FEEDBACK CONCERN/ISSUES	ACTION TAKEN
Electricity concern especially during summer	24 KW solar power plant has been successfully installed on campus, ensuring 24/7 electricity and promoting sustainable energy.
To improve transport facility	College provides reliable transportation services, currently operating two college buses for students and faculty. To accommodate growing enrolment, additional transportation services can be introduced in the future.
Hostel facility for male students	Currently, C-Edge College offers on-campus hostel facilities exclusively for female students. Plans are underway to establish hostel facilities for male students in the near future. In the meantime, several private hostels and PG accommodations are available within walking distance of the college.
Balance between academic and non-scholastic activities.	College strives to ensure seamless organization of various activities. To achieve this, we maintain: 1. Tentative Academic Calendar. 2. Comprehensive Event/Activity Chart. These tools enable efficient coordination, balancing academic and non-scholastic pursuits.
