INSTITUTIONAL DISTINCTIVENESS TO ITS VISION, PRIORITY & TRUST

Monthly Faculty Review Meeting

Recognising the importance of having systematic and effective communication with the faculty members, one of the regular and continuous processes of the College is the Monthly Faculty Review Meeting. It is held on the 12th of every month and is normally chaired by the Head of the Institution – The Principal. This process is used as the time to brainstorm, as opportunities to share information and discuss the faculty thoughts and also to boost work ethic among all. In addition, having regular meetings has been an effective method of running the institution accurately and effectively.

One of the strengths of the College is participative management inculcated by the top management through decentralisation, delegation and bottom-up planning. Regular meetings with Faculty have been instrumental in planning and making decisions collaboratively. It also comprised of confirmation of academic and non-scholastic events and activities to be held and conducted. Work and assignment distribution are also done with consultation with the faculty members during the meeting. It is also used as an opportunity to meet and interact for better understanding leading to positive socialisation. Taking all these into consideration, having Regular Faculty Review Meeting is one area distinctive to its priority and thrust that has guided and facilitated the College.
